Making Tax Digital (MTD) for Income Tax

From **April 2026**, self-employed professionals and landlords with income over **£50,000** will need to follow new rules under **Making Tax Digital**. This will mean keeping digital records and submitting quarterly updates to HMRC instead of one annual tax return.

The MGroup can help you make the transition smoothly with three simple service options designed around the level of support you need.

Our MTD Service Packages

Digital Starter

For those who want to stay hands-on but get the setup right from the start.

We'll help you get everything in place to meet HMRC's new digital requirements. You'll manage your own bookkeeping and submissions, with support and guidance from our team whenever you need it.

Includes:

- Setup of MTD-compliant software
- One onboarding session and record-keeping guidance
- Access to support by phone or email
- Annual digital record review for peace of mind

You do: Record keeping and submissions
We do: Setup, support, and review

Full-Service Navigator

For those who want complete peace of mind.

We handle the full process, from record keeping to submission, so you can focus on running your business.

Includes:

- Full bookkeeping service
- Software setup and management
- Quarterly submissions to HMRC
- Final year-end declaration
- Ongoing advice and regular updates

You do: Send us your information
We do: Everything else

Quarterly Partner

For those who prefer us to review and submit on their behalf.

You keep your own records throughout the quarter, and we'll take care of reviewing, checking, and submitting the figures to HMRC.

Includes:

- Everything in Digital Starter
- Quarterly review of your records
- Quarterly submission to HMRC
- Year-end declaration
- Occasional check-ins for advice and queries

You do: Maintain your records
We do: Review, finalise, and submit
